

Chief, Map Library Division

9 March 1959

Chief, Geographic Research

Procurement of Chinese Topographic Maps

25X1A9a

25X1A6a

1. During my recent briefing of [REDACTED] 25X1X4
[REDACTED] it became apparent
that he would have opportunities [REDACTED]
to place requirements upon selected travelers for Chinese topographic
maps.

25X1A9a

2. Because of his lack of background in mapping, [REDACTED]
would like to have sufficient background information, in brief form,
and pertinent requirements relating to our needs for topographic
maps of Communist China. These should be sent to his FE Desk for
transmittal to him.

3. If there are any questions relative to this request, I
shall be glad to elaborate.
